Prayers for **Larry Grow** in his healing, **Bob Brown**, **Ron McIntire**, **Emily Moore** and her pregnancy, **Laura Andrews** with the loss of **Bill**, **Erin Roush**, and **Glenn Sanborn** with his healing. 3. Pray for the Church during this isolated time of members everywhere. 4. Pray for encouragement and health for all of us as we live day to day.

**Whitney Frisk:** Please keep **Nathan** and our kiddos in your prayers. **Emma** and **Charlie** are coughing and we think **Nathan** may have bronchitis.

**Wayne Frisbie:** Continue to pray for **Wanda Wilson**. She still needs prayers for her kidney function to get back to normal.

**Margie Waddell:** My sister, **Irene Kreiger** does *not* have the virus. She does have pneumonia so please still keep her in prayer.

**Freda Campbell:** My Aunt, **Sammie Johnson** passed away this past Wednesday. Please pray for her family. She was in her 90's and was a beloved a Christian woman.

## **Thanksgivings and Blessings**

**Shelia Bucher:** Thankfully, we are all healthy and doing well. Praise God for his ultimate love and mercy during the 2020 coronavirus outbreak. He is hiding us under the wing of his shield.

**Church office:** Thanksgiving, **Tom Chaney** has found a living situation while he waits for his next housing. Thank you **Rod Bristol**.

**Angels among us:** Thank you to **Wayne Frisbie** and to **Kim Styren (Ron & Myrtle's**, daughter), who both offered their help for grocery shopping and other errands during this self-quarantine time. I know they are both very busy with their own work and I deeply appreciate the offers. This is one special way we can all show our love for Christ and for our Christian family.

**Nolan & Emily Moore:** Praising God for a great appointment yesterday. Our baby boy is healthy and all concerns regarding his growth and **Emily's** health have been eased, but she is still on bed rest and working from home.

**Attention:** Our elders are carefully listening to public health and medical professionals about how long we should not meet together. They want to keep us all safe. The elders ask that no LIFEgroups meet together until further notice. They ask we remain as patient and as careful as possible.

Since we have a one-person church office, it will remain open as much as possible as an information clearing point for the congregation. While we encourage no one to drop by the office, we hope we can keep each other informed through email. Please send your updates to: [office@dgchurch.org](mailto:office@dgchurch.org).
