

Prayer Requests and Family News April 10, 2020

Family News:

Please frequently check our church website (dgchurch.org). Michael provides a special Easter message this week; furthermore, **Scott Rouse** and **David Bruner** share their thoughts on the blessings of this Easter. All these new messages things will be posted on our website early each Sunday morning. Please listen and watch them. **Michael's** audio message for this week is currently available on our website.

While we are apart church emails, phone calls, and our website take on added important. We hope each member of our church family, during this challenging time, will work harder to stay in contact with each other, and exert mutual effort in frequently checking our church website so we can hold in common the messages and information posted there.

Would you like to write your own message of encouragement to the congregation? The church office wants to pass your message along through our church email chain. We encourage you to send your thoughts in writing (around 250 words or less) to the church office at: office@dgchurch.org.

Rod Bristol says... "I can help any Life Group or other group set up for video-audio meetings via smart phones, iPads, and computers. We can do the process by phone and Internet, so nobody has to worry about getting too close to anybody else."

HELP! Please remember we are looking for creative ideas for encouraging one another and helping each other through this time of quarantine.

Face Masks... Some of our “*So in Love*” women are making cloth facemasks for our members. If you would like a cloth mask. Please call **Linda Bruner** 208-640-7205 or email: lindajbruner@gmail.com. We also have some in the church office.

Church Office... We have individually wrapped communion cups with juice and a wafer. They are all packaged (untouched by human hands). All are welcome to come by to pick some prepackaged communion supplies.

Prayers:

Church Office: Prayers for **Tiffany Walker** and her family. Her uncle passed away a couple of weeks ago. Prayers for her oldest daughter and all the high school and college graduates this year that are missing their senior activities and ceremonies.

Robin Webber: I will be in a brace for six more weeks. Prayers for her to have patience and to heal well. Pray for **Wayne Frisbie**, **Judie Sanborn** and her family. Thank you!

Freda Campbell: My neighbor, **Kathy Bush**, flew to Texas on Saturday to move her mother to CdA. **Kathy** and her niece will be driving **Pat Mitchell** up here. This move has been planned for several months and cannot be delayed since **Pat's** house has been sold. **Kathy** is very worried about this trip with her mother since her mom is 90 years old. Pray for a safe trip for them and pray that they do not come in contact with the virus.

Shelia Bucher: Please pray for my students and their families at CCS for a successful year. Some students are struggling with all the heavy load of seatwork. Pray for the families that are on the front lines so that the virus does not come home to the kids.

Nolan & Emily Moore: Please continue to pray for **Emily's** pregnancy to be full of peace and calm.

Dan & Teri Dupey: We need to PRAY for **LARRY GROW** as he begins his

treatments. He is in good spirits and well before these treatments begin. Also, pray for **BOB BROWN, Kathy Roberts, Ron McIntire, and Carole Fredrikson**. Remember, to get some sunshine if you can. It is beautiful outside and the sunshine is great for our bodies and our spirits. Thank you **David, Andy, and Scott** for those special words at this time.

Jean & Larry Grow: Thanks for the prayers! **Larry** has had his first radiation treatment. The process each day is short but it will be Mon-Fri for 9 wks. He goes in the evenings since they are so busy. We are staying in except for the apts. Glad spring is finally here! We continue to pray for each of you and your families, so stay safe, sane, and healthy!

Toby & Lisa Schindelbeck: We appreciate some prayers for our family. We are going through some hard things right now. We also ask for prayers for our birth mother, **Rachael**, as she has stopped communicating with us and we are concerned she may be making unhealthy choices for herself, her children and the baby she is currently pregnant with. Thank you!

Sandra Welch: I start some physical therapy this week. Please pray I am given some good tools to advance my physical health so I can continue to do a good job.

Anita Poland: Please pray for **Jon O'Neal**. He is at Kootenai hospital with heart trouble. Visitors are not allowed but prayers or calls would be greatly appreciated.

Thanksgivings and Blessings:

Church Office: Praise God **Wayne Frisbie** does not have the corona virus! Thank you to everyone who has been praying for **Wayne & Debbie!**

Laura Andrews: No words could ever express our appreciation for the love and support you have shown to me after the passing of my dear husband, **Bill**. He loved all of you! I feel as though the whole world is grieving with me during this time of confinement. I miss you all! Thank you, church family.

Dee & Floyd Shaver: Please continue to pray for our daughter, **Loretta**. She is out of intensive care and is home still recovering from the coronavirus.

AJ Stemmene: Prayers and blessings for all and a Big Thank You to all that

shop and deliver to us shut ins. Big thanks to maple NW. God Bless you all.

Glenn & Judie Sanborn: We moved mother, **Betty Evans**, into Living Springs assisted living in Post Falls yesterday. Thank you to all who covered us in prayer. It went really well. Her new phone number is 208-772-1547. Because of the virus, she cannot have visitors at this time, but will welcome them when it is lifted. She will be in good hands. Love, **Judie Sanborn** and all of **Betty's** children.

Please feel free to send any prayers requests to the church office and we will get them out to the congregation. office@dgchurch.org
