church family update...

Newby Ginnings food drive... We hope to take a van load of food over to **Newby Ginnings** on November 30th. Please bring what you can over the next two Sundays. **We are looking for non-perishable items like: canned vegetables, canned fruit, canned meat, stew is always a high demand item... And of course chili, or other soups.** Also, you may bring holiday oriented things like cranberry sauce, stuffing mixes, cookies, pies, etc. But because of COVID there can be nothing homemade and everything properly packaged and not close to any expiration dates. **AND... this group serving returning vets,** has a desperate need for blankets and towels. So please consider buying some towels or blankets and bringing them to the church building too.

Our Live Stream is rolling now... Ok we have had some set backs. We know the sound has been a little strange and the picture has occasional had some issues too. But please know a group of people work on this every week to make it better. Turns out broadcasting live is a tad more complicated than we first thought, but we will figure it out and we hope you will hang in there with us. **PS:** Your home Wi-Fi system also plays a major role in how you receive the *Live Stream*. You might want to check that on your end too.

Please let us know if anyone has any needs... We are here help, but also trying to be extra careful during the pandemic. I can't tell you how important it is to stay connected during this strange time and it requires both the effort of those coming to the building and those sheltering at home. Please let us know what is happening with everyone and let us know how we can help. Blessings.
